

CONCESSIONS

Northside Booster Association (NBA)

Each NISD HS band and athletic booster organization is required to work in the concessions stand during sports events throughout the year. Every 3 months, the profit from concessions is divided among all the organizations. For football games, we are required to provide 26 people for each game we're scheduled to work. For other sports, only 3 workers are required, but the events are often during weekday afternoons and evenings.

OTHER KEY POINTS:

- Concessions is the largest source of funds for the band program
- We are fined several hundred dollars if we do not provide the required # of workers!
- We will not be scheduled to work concessions during a Taft football game (so we can enjoy watching the Band perform!)
- Students are allowed to work concessions, but cannot handle money (per NISD rules)
- Concessions workers are needed to take customer orders, fill drinks, warmup hotdogs, cook popcorn, keep ice bins full, etc.
- Easy work for lots of money and a great way to socialize/meet other band parents!
